

Vision & Mission

- **To encourage, challenge and support each student to learn enthusiastically, to lead honourably, to love generously, to serve sincerely and to live responsibly in our world.**
-
- **We, the Administration of the school together with all our associates, by our value based educational endeavor, hope to build a fraternal society by moulding the personality of each individual under our care, trusting in God and drawing inspiration from our patron St. Francis Xavier.**
- **We shall strive to make socially conscious and concerned individuals who reach the destined level of excellence and take up the responsibility as leaders of integrity with a preferential option for the less privileged.**

Our aim is to prepare teenage students for life. They, as individuals and members of the society, must be helped to develop qualities of mind and heart as well as the necessary skills and aptitudes which would enable them to be concerned and contributing members of the society and of the nation. To achieve this along with academic excellence we focus our attention on the following.

- **Spiritual Dimension .**
- **Person Oriented approach.**
- **Social or other related aspects .**
- **Professional or work orientation .**
- **National or Citizen related strategies .**
- **Universal brotherhood and International understanding.**
